

## DOOR DÉCOR; AUGUST

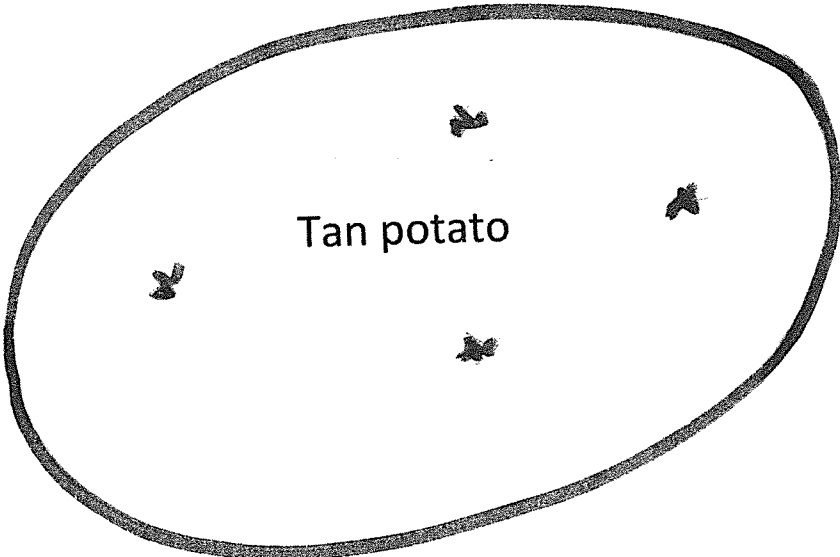

Patterns are provided for several vegetables; pumpkin, egg plant or summer squash, potatoes, green pepper, and tomato. You can cut two or three of each from the appropriate colored construction paper. (The long shape can be yellow for a summer squash, and purple for an egg plant.) Pipe cleaners for stems would add interest. Attach the vegetables in a neat arrangement on the resident's door.

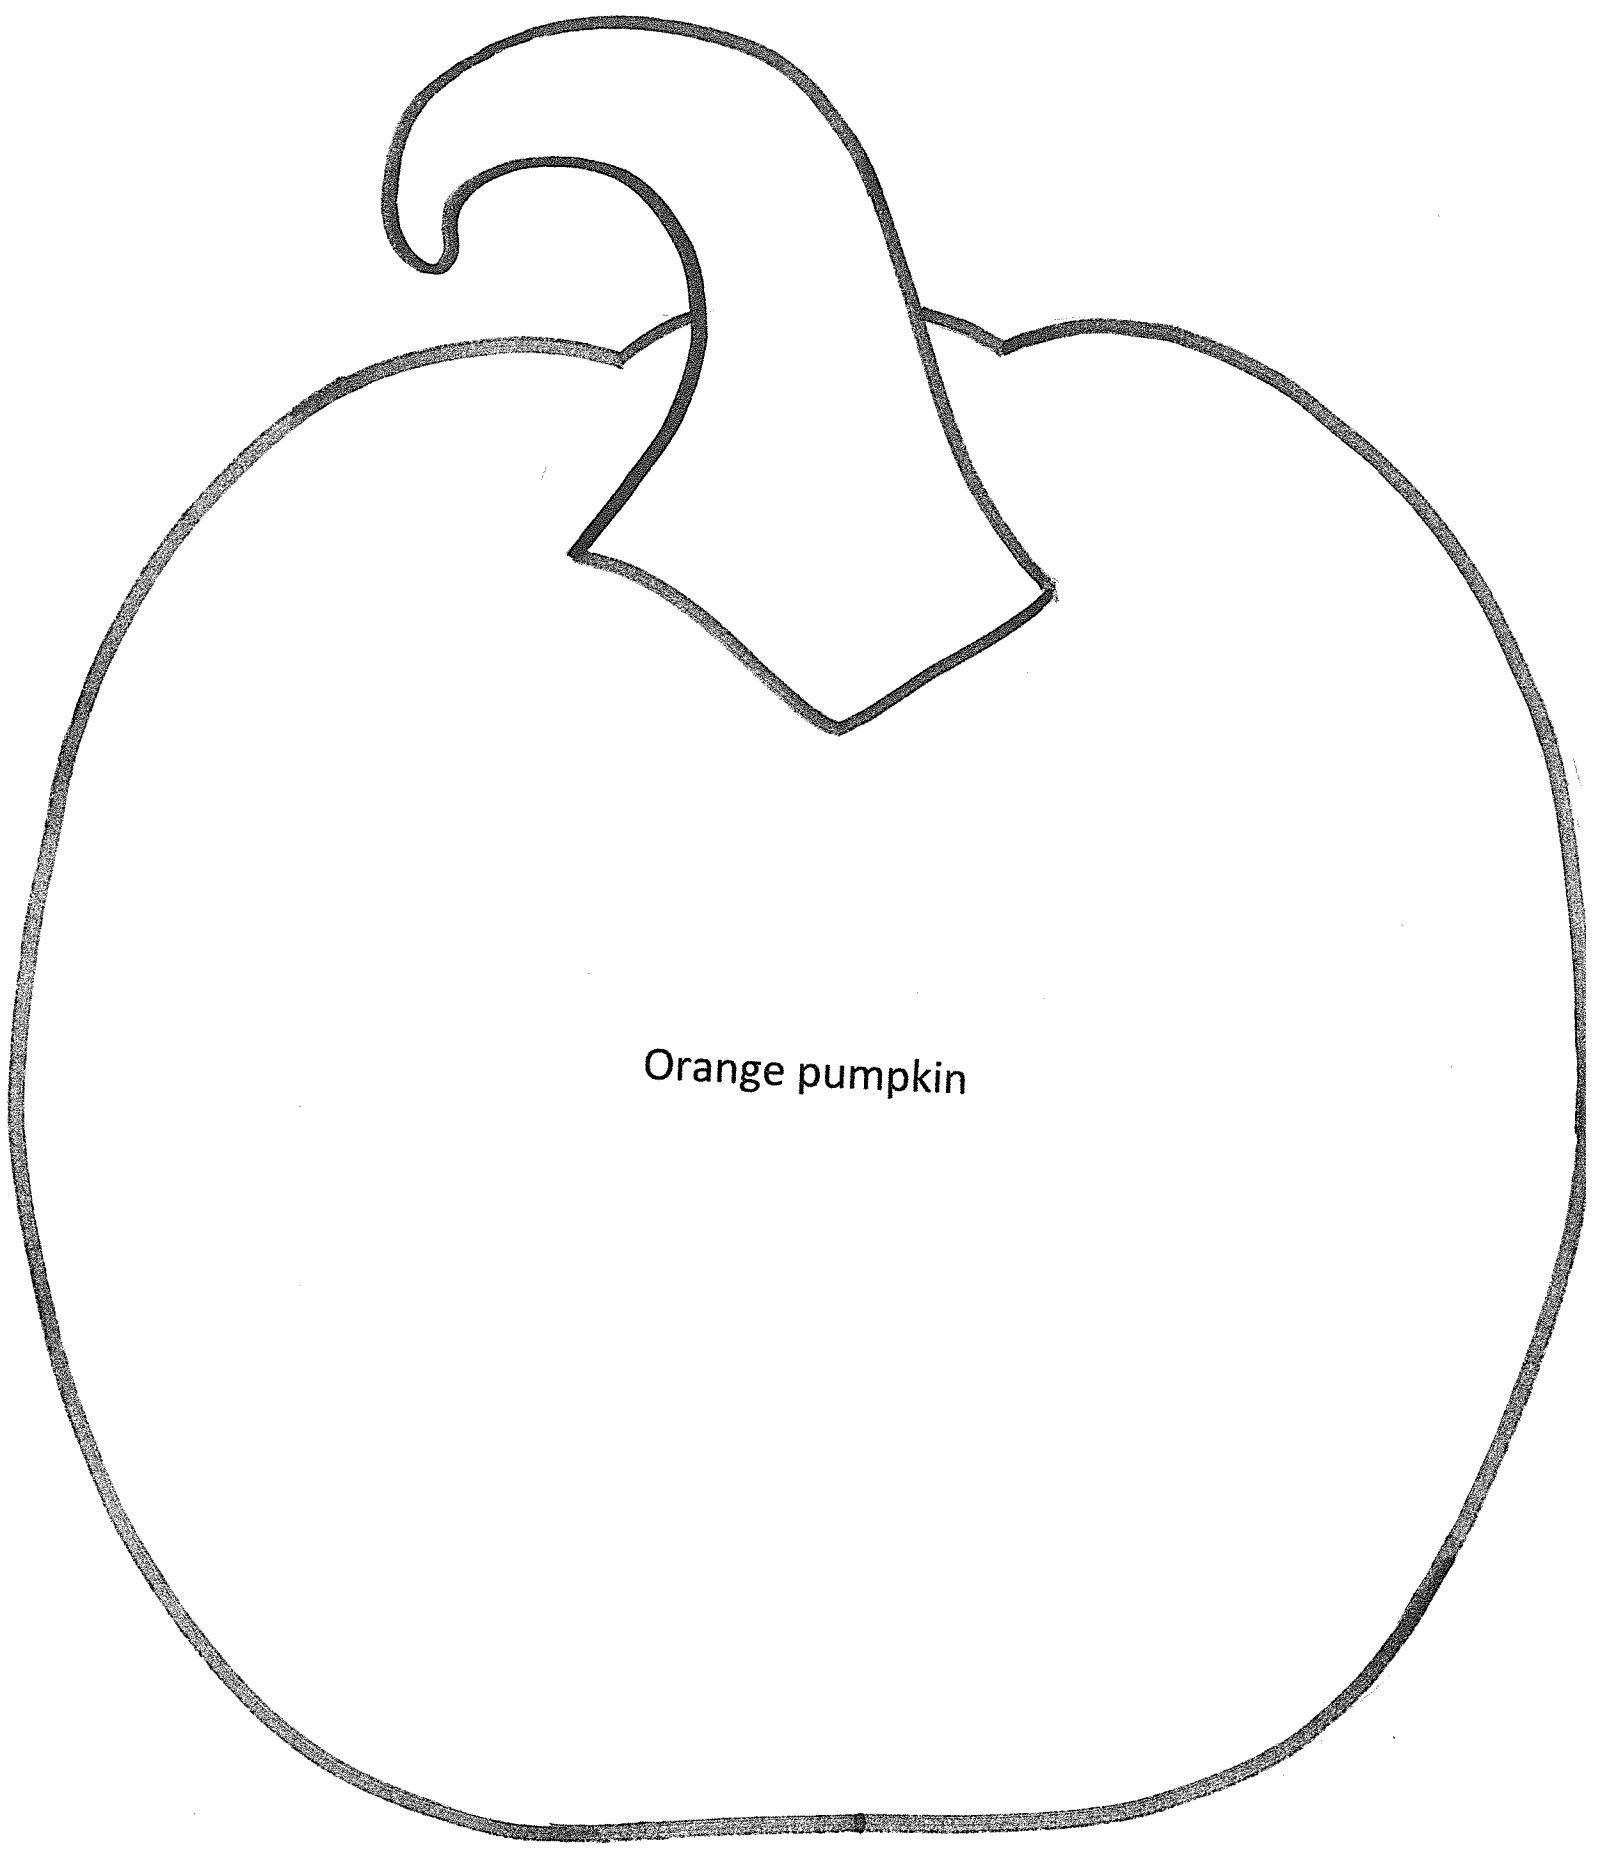

Dark green zucchini

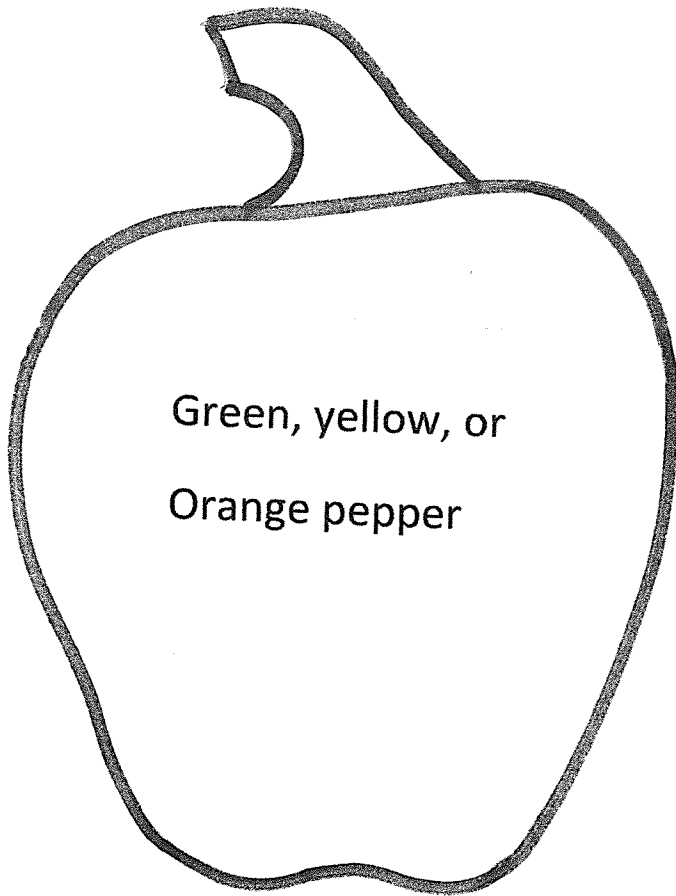

Purple eggplant

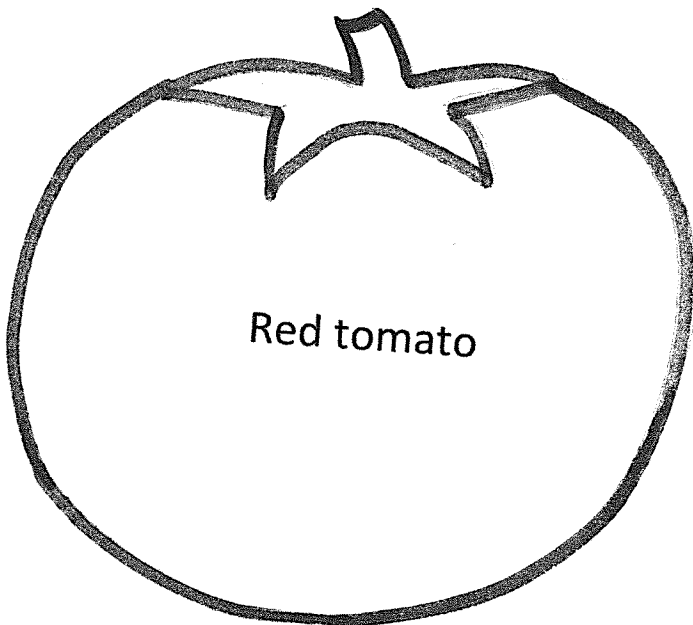

Tan potato

Orange pumpkin

Green, yellow, or  
Orange pepper

Red tomato
