

DOOR DÉCOR; FEBRUARY

Using the patterns provided, or one of your own, cut out several hearts for each door. Provide different sizes and colors for each set to add to the visual interest and appeal. Good colors would include red, pink, purple, white, and orange. Mix and match.

Once the large hearts have been cut out, decorate with glitter. Add two or three tiny hearts for additional interest. Arrange the hearts in an array on the resident's door.
