

DOOR DÉCOR; JUNE

Using patterns provided, cut out several sets of fish from different colored construction paper. Use one set to additionally cut out fins, eyes, & tummies to use as tracing patterns.

Cut fins from a variety of brightly colored construction paper, cut tummies from bright yellow or orange, and cut the eyes from white and black (or dark blue or green). Mix and match the colors to make an appealing set of fish. Decorate with glitter, making lines for scales or making lines through the fins. Hang as shown using florists wire, other light wire, or yarn.
