

DOOR DÉCOR; MAY

Use the patterns provided to trace and cut several flowers of different sizes and colors for each door. Choose bright spring colors like yellow, orange, chartreuse, and bright pink. The flower centers can be black or yellow. Don't forget the bee!

Mix the sizes and colors to build an array for each door. Be sure to use six or seven flowers per door in order to get a more striking presentation. Glitter can be used as an outline or to differentiate the petals. Glitter always adds pizzazz.
