

## GOLD RUSH; a staff only activity

We have utilized this activity in March, the month of leprechauns and their lost gold. Find some small rocks, clean them up, and spray paint them gold. Now with a simple direction sheet and some rewards for the return of the gold nuggets you are ready for the activity.

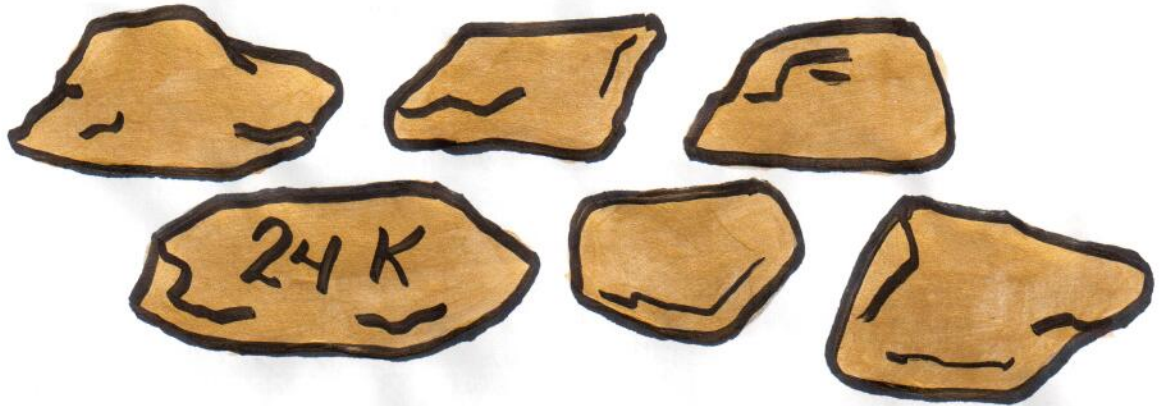

Someone must be in charge of hiding the nuggets. They should be well scattered throughout the facility so every employee has an equal opportunity so remember maintenance, dietary, laundry, housekeeping, management, therapy, etc..

Designate an office as the return site and place the box of rewards there. It must be a place where someone facilitating the game is always available. Make note of this site on the direction sheets which must be placed in all staff gathering locations.

Once the signs are up with the Gold Rush directions, the game is on! Hide the nuggets several times throughout the week or hide them only on Mondays for a month. Give staff something to look forward to.

You may decide to use or not use the 24K nugget as a special, garnering the finder a larger reward.

## LEPRECHAUN'S GOLD

Be on the look-out for the  
Leprechaun's gold ! Should you  
discover a nugget, take it to the  
activity room and receive your  
just reward !

Staff only activity
