

THE BIG DILL ; a staff only activity

Everyone needs a morale boost now and then. Plus, everyone needs a subtle reminder now and then that kindness is important. This activity allows for both. All that's needed is a full-size plastic cucumber and some tasty prizes. (If you have a coffee shop, you can include certificates for goodies from the shop long with other treats like granola bars, trail mix, energy packs of nuts, etc.)

Using some craft paint, print the message on this cucumber; "BE NICE. IT'S SORT OF A BIG DILL". We also painted some large eyeballs on our dill to make him more personable.

The facilitator walks casually around the facility and stealthily hides the dill, remember it's for staff so hide it well.

Choose an office as a base, some place where someone is always available. Place the box of treats here. When a staff member finds the dill, he/she brings it to the designated spot for a treat. The cucumber is hidden again and the search continues.

Remember to post the directions in all staff areas, including laundry, dietary, management, maintenance, etc.

THIS DILL IS LURKING
SOMEWHERE ABOUT IN YOUR
WORK ENVIRONMENT.
IF YOU FIND IT, PLEASE BE NICE
AND RETURN IT TO
AN ACTIVITY THERAPIST
THANK YOU !

(this is a staff activity only)
