

## January Tea Buds Sandwich menu

I have provided three simple sandwiches. You can choose just one or have fun and make all three !

### **Cream Cheese and Strawberries**

Softened cream cheese

Fresh strawberries

Date nut bread / other dark fruit alternative

Slice bread thin, cut into squares and remove crust

Spread bread slices with cream cheese

Add a layer of thinly sliced strawberries

Add top slice / garnish with a small Spanish olive skewered on a toothpick and stuck into the top of the sandwich

### **Cream Cheese and Jelly**

White bread cut into shapes with a cookie cutter (this is more neatly done if the bread is frozen; then thaw in a Ziploc baggie)

Spread bread with cream cheese

Top with strawberry or raspberry jelly

You might also cut the bread without freezing; removing crusts and cutting into halves or triangles

## **Tomato Cheddar Sandwich**

Use 2 breads for interest and flavor; white and wheat

Spread white bread slice with mayonnaise

Top with a thin tomato slice and a slice of cheddar cheese

Remove crust, cut in half diagonally

A garlic stuffed olive on a toothpick would make a tasty garnish, stuck into the top of the sandwich
